

CORPS OF RENEWAL AND CHARITY

We're the guys that stand for Faith, Family & Freedom *and do stuff* – one next right step at a time!

As our public institutions have squandered their credibility, the people at CORAC spend their time lighting a candle instead of cursing the darkness.

While some run around asking frantically, “Can you believe what just happened?” the focus at CORAC is how to help people live their faith effectively; cooperating with their neighbors from the bosom of their families; and assuming the freedom that God bequeathed us and that our Constitution guarantees us. In short, the volunteers at CORAC are old-fashioned Americans who are determined that the light of liberty shall not perish from the earth.

Last year, the Health and Wellness Team trained hundreds of volunteers in homeopathy. Thousands have been trained on effective regimens for Covid, along with direct emergency assistance with effective therapies. Check out other homeopathy courses on the CORAC website, <https://corac.co/category/health-and-wellness/>

CORAC achieves success in all areas of focus: helping people develop genuine home skills that will help them sustain their families in hard times; building networks and communications that will keep people in touch whatever happens, and grounding it all in a solid base of prayer and devotion to God.

The world has gone crazy, but we have not gone along with it. Our fondest hope is to take America back to a time when faith, family and freedom were predominant in our culture. Our most fervent wish is to make this the future for ourselves and our children. Come and join us as we work to bring America back to the future!

JOIN US 7/16/2023

A national Zoom meeting on Sunday July 16 at 2PM (MST). <https://corac.co/event/corac-global-online-meeting-updated/>

In Las Cruces a group will meet at St. Genevieve Parish Hall, 1025 E Las Cruces Ave, at 1pm. There will be a meet and greet starting at 1PM with a review of what is happening in the local area followed by participation in the conference call.

OUR MISSION

CORAC is a grassroots organization dedicated to defending the traditional values of faith, family and freedom.

PUBLICLY STAND FOR THESE VALUES

This is accomplished by connecting activists into mutual communication and collaboration with each other. Regional and local groups will independently mount events to highlight the importance and efficacy of these values in their areas, in consultation and with the support of the national organization.

PREPARE PEOPLE TO DEFEND THEMSELVES

against any effort to outlaw or suppress these fundamental principles. Activists will organize people in their regions putting an emphasis on public defense and advocacy of these three core values. To better organize all for every contingency, specific skill sets will be identified, on a volunteer basis, including communications, medical expertise, legal expertise, farmers and hunters, logistics, food gathering and preparation, tradesmen, police and military vets, teachers and catechists, artists, writers, designers, and religious ministers.

CURRENT EDITION

June 29, 2023 | Vatican Inquisitors Attack Orthodox Bishop

This newsletter has several references to Twitter. I never thought I would be pointing people to that toxic vat of flesh-eating slime, but Elon Musk has changed the game. Check out Charlie Johnston, Bishop Strickland and Tucker Carlson on Twitter, for a start. The altered atmosphere at Twitter is only one of many signs that people are energizing and coming out to fight for what's good and worth preserving. We may not be precisely winning yet, but we're not losing from the fear and paralysis of past years. Courage is contagious. Onward, Christian soldiers!
